Thank you Sandra for keeping this rolling.

In the interest of time – my recommendation would be to include OECA.

**Subject:** FW: Dicamba Calls for 2019 Growing Season

Hi all,

As agreed to on our 4/25 dicamba meeting to discuss state information in 2019, I'll be scheduling a teleconference for us to communicate with AAPCO the week of May 13. FYI – it looks like there'll be pretty good participation on their side (see below). I believe Rose will be reaching out to the states to inquire what types of data they think should be collected via a survey.

We also need to meet with OECA on this before we speak with AAPCO. Would folks like to include OECA on our next call on May 8, or perhaps separately?

Best,

Sandra O'Neill

Good afternoon Rose, Liza, and Amy

OPP has met to plan the calls that will take place to exchange dicamba information in the 2019 growing season. We'll also soon be meeting with OECA in this effort. So that we can share the outcomes of these planning meetings, we are hoping to teleconference with AAPCO the week of May 13<sup>th</sup>. I think 30-60 minutes would work for this purpose. If this approach works, I'd appreciate if you can let me know who from AAPCO should join the call and I can send a doodle poll to land on the right date/time.

Best,
